DEPARTMENT
OF REVENUE

Record Keeping Requirements

Objectives

- Define User, Qualified Motor Carrier, Intrastate (IN), Bulk Storage, Bulk-End User, International Fuel Tax Agreement (IFTA), and International Registration Plan (IRP)
- Outline record keeping requirements for a User, Qualified Motor Carriers with IN, IFTA, and/or IRP operations, Bulk Storage, and Bulk-End User
- Detail acceptable examples of record keeping forms

User

A person who owns or operates a licensed highway vehicle that has a registered gross vehicle weight (RGVW) of at least 10,001 pounds and who does not maintain storage facilities for motor fuel.

Qualified Motor Carrier

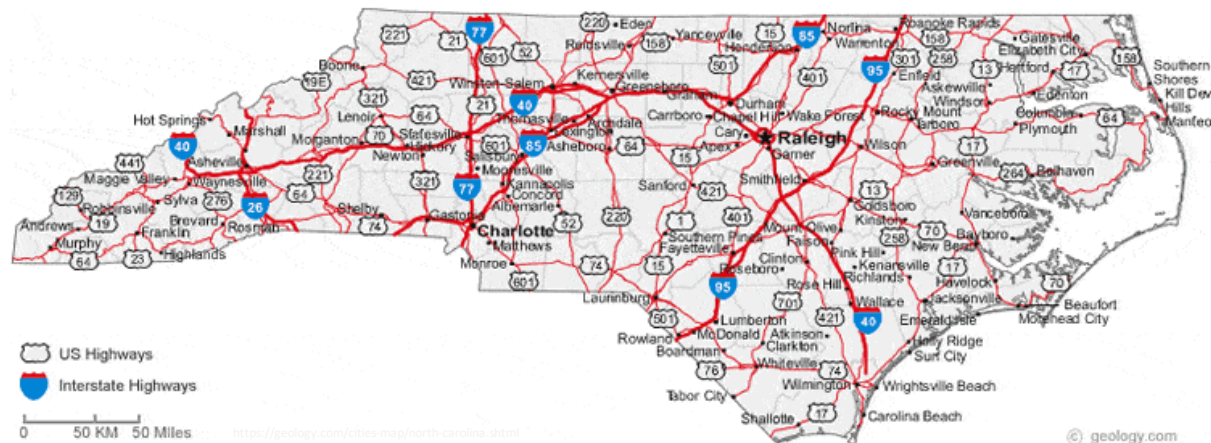

A motor vehicle used, designed, or maintained for transportation of persons or property and:

- Having two axles and a gross vehicle weight or registered gross vehicle weight (RGVW) exceeding 26,000 pounds; or
- Having three or more axles regardless of weight; or
- Is used in combination, when the weight of such combination exceeds 26,000 pounds.

Intrastate (IN)

A person who operates or causes to be operated on any highway in this State a motor vehicle that is a qualified motor vehicle.

User & IN Record Requirements

Users and IN Carriers shall maintain:

- Fuel receipts and invoices for all tax paid and nontax paid purchases for highway and off-highway use
- Quarterly odometer readings
- Purchase and disposition dates of vehicles with beginning and ending odometer readings
- List of current vehicles by RGVW
- List of motor carrier decals used and on hand

User & IN Record Retention

Users and IN Carriers shall maintain records for a period of **three years** for audit purposes. **Required records will be requested if you are selected for audit.**

<http://www.wonderwall.com/100158084/ideas-that-make-you-think/>

Bulk Storage

Bulk storage is a container or tank used to store bulk purchases of motor fuel or alternative fuel of **42 gallons** or more.

Bulk End-User

A person who maintains bulk storage for motor fuel and uses part or all of the stored fuel to operate a highway vehicle.

Bulk End-Users are not required to be licensed but are required to maintain mileage and fuel records.

<https://maeap.org/wp-content/uploads/2019/03/On-Farm-Fuel-Storage-WQ-59.pdf>

Bulk End-User Record Requirements

What's required for Bulk End-Users?

- Fuel receipts, invoices, and bill of lading for all tax paid and non-tax-paid purchases for highway and off-highway use
- Withdrawal records of both highway and off-highway use
- Quarterly odometer readings
- Purchase and disposition dates of fleet vehicles with beginning and ending odometer readings

Bulk End-User Record Requirements

(continued)

What's required for Bulk End-Users?

- List of current vehicles by RGWV
- Monthly beginning and ending inventory of highway and off-highway fuel
- List of motor carrier decals used and on hand
- Monthly totalizer meter readings

Bulk End-User Record Requirements

(continued)

What should bulk fuel **withdrawal records** contain?

- Date of the withdrawal
- Number of gallons
- Fuel type
- Vehicle unit number, license plate number fuel is placed into
- Purchase and inventory records showing tax was paid

1 2 3 **Company**

Bulk Fuel withdrawal Log

Date	Unit or Vehicle #	Fuel Type	Gallons

Bulk End-User Record Requirements

(continued)

Bulk End-User **purchase and inventory records** should include:

- Tank number, tank location, tank capacity
- Fuel Type
- Monthly beginning and ending inventories
- Monthly totalizer readings
- Fuel purchase receipts, invoices or bills of lading, including withdrawal details, and whether fuel was dispensed for highway or off-highway use

Bulk End-User Record Retention

Bulk End- Users must maintain records for a period of **three years** for audit purposes. **Required records will be requested if you are selected for audit.**

International Fuel Tax Agreement (IFTA)

The International Fuel Tax Agreement (IFTA) is a base jurisdiction fuel tax agreement.

Upon application, the carrier's base jurisdiction will issue credentials (license and decals) which allow the IFTA licensee to travel in all IFTA member jurisdictions.

International Registration Plan (IRP)

The International Registration Plan is an agreement providing for registration reciprocity among Member Jurisdictions.

The only Plate and Cab Card issued for each Fleet Vehicle are the Plate and Cab Card issued by the Base Jurisdiction.

A Fleet Vehicle is called an Apportionable Vehicle and such vehicle, when registered under “The Plan” operations can occur both between member jurisdictions and within any single jurisdiction for which it is so registered.

INTERNATIONAL REGISTRATION PLAN, INC.

<https://www.irpnlms.org/>

NCDOR

IFTA & IRP Distance Record Requirements

Distance records produced by a means other than a vehicle-tracking system should substantially document the fleet's operations and contain the following elements:

- Beginning and ending dates of the trip
- Origin and destination of the trip
- Route of travel
- Beginning and ending reading from the odometer, hubodometer, engine control module (ECM), or similar device

IFTA & IRP Distance Record Requirements

(Continued)

Distance records produced by a means other than a vehicle-tracking system should substantially document the fleet's operations and contain the following elements:

- Total distance of the trip
- Distance traveled in each jurisdiction during the trip
- Vehicle identification number or vehicle unit number

IFTA & IRP Acceptable Distance Records

- Individual Vehicle Distance Records (IVDR) also referred to as trip sheets
- Driver's logs (must contain required information)
- Any other records documenting vehicle movement from which mileage per vehicle per jurisdiction can be determined

Computer printouts **are not acceptable** as the only source of mileage. Distance records showing continuous movement of the vehicle must be provided to support computer printouts.

IFTA & IRP ELD/GPS Distance Record Requirements

Distance records produced wholly or partly **by a vehicle-tracking system must be maintained at a minimum every 10 minutes when the engine is on** and shall contain the following elements:

- Date and time of each system reading
- Latitude and Longitude to include a minimum of 4 decimal places (0.0001) for each system reading.
- Vehicle identification number or vehicle unit number

IFTA & IRP ELD/GPS Distance Record Requirements (continued)

Distance records produced wholly or partly **by a vehicle-tracking system must be maintained at a minimum every 10 minutes when the engine is on** and shall contain the following elements:

- Beginning and ending reading from the odometer, hubodometer, engine control module (ECM), or any similar device for the period to which the records pertain

IRP Vehicle-Tracking System Record Requirements

Standardization of Electronic Records - Effective **January 1, 2024**

Records produced by a vehicle-tracking system that utilizes latitudes and longitudes, a record must be created and maintained at a minimum of every 15 minutes when the vehicle's engine is on and contain the following elements:

- Vehicle identification number or vehicle unit number
- Date and time of each system reading
- Latitude and longitude to include a minimum of 4 decimal places (0.0001) of each system reading

IRP Vehicle-Tracking System Record Requirements (continued)

Records produced by a vehicle-tracking system that utilizes latitudes and longitudes, a record must be created and maintained at a minimum of every 15 minutes when the vehicle's engine is on and contain the following elements:

- Odometer reading from the engine control module (ECM) of each system reading. If no ECM odometer is available, a beginning and ending dashboard odometer or hubodometer for the trip will be acceptable

IRP Vehicle-Tracking System Record Requirements (continued)

The data must be accessible in an electronic spreadsheet format such as XLS, XLSX, CSV, or delimited text file. Formats from a vehicle tracking system that provide a static image such as PDF, JPEG, PNG, or Word are not considered accessible as use in section 1005 (b).

IFTA Distance Summaries

Monthly summary of the fleet's operations reported on the corresponding quarterly tax return that includes the **distance** traveled by and the fuel placed into each vehicle in the fleet during the quarter, both in total and by jurisdiction, should be maintained.

The licensee shall make such summaries available for audit upon due notice and demand by the base jurisdiction.

IRP Summaries

Monthly summary of the Fleet's operations, which includes the total distance traveled **by each Apportioned Vehicle** in the Fleet during the calendar month, and the distance traveled **by each Apportioned Vehicle** in each Jurisdiction.

Quarterly summary of the Fleet's operations, which includes the total distance traveled **by the combined Fleet Vehicles** during the calendar quarter, and the distance traveled **by the combined Fleet Vehicles** in each Jurisdiction.

Distance Year summary of the quarterly summaries

IFTA & IRP Distance Record Retention

Distance records must be maintained for all miles traveled for IFTA and IRP audit purposes. **Required records will be requested if you are selected for audit.**

IFTA distance records are required to be maintained for a period of **four years**.

IRP distance records are required to be maintained for a period of **three years** after the close of the registration year.

QUESTIONS

IFTA Fuel Record Requirements

Licensee shall maintain complete records of all motor fuel purchased, received, or used in the conduct of its business, and **on request, produce these records for audit.**

Records shall be adequate for the auditor to verify the total amount of fuel placed into the licensee's qualified motor vehicles, by fuel type.

<https://www.vectorstock.com/royalty-free-vector/fuel-gage-full-vector-3807238>

IFTA Fuel Record Requirements (continued)

Fuel records will **not** be accepted for purposes of allowing tax-paid credit any fuel records that have been altered, indicates erasures, or is illegible, unless the licensee can demonstrate that the records are valid.

IFTA Fuel Summaries

Monthly summary of the fleet's operations reported on the corresponding quarterly tax return that includes the distance traveled by and the **fuel** placed into each vehicle in the fleet during the quarter, both in total and by jurisdiction, should be maintained.

The licensee shall make such summaries available for audit upon due notice and demand by the base jurisdiction.

Acceptable Fuel Records

- Receipt, invoice, or transaction listing from the seller
- Credit-card receipt
- Transaction listing generated by a third party
- Electronic or digital record (computer image) of an original receipt or invoice

Acceptable Fuel Records (continued)

A valid retail receipt, invoice, or transaction listing must contain:

- Date of the Fuel Purchase
- Name and address of the seller of the fuel
- Quantity of fuel purchased
- Type of fuel purchased
- Price of the fuel per gallon, or the total price of the fuel purchased
- Identification of the qualified motor vehicle into which fuel was placed
- Name of the purchaser of the fuel

IFTA Bulk Fuel Record Requirements

What records should be maintained for bulk storage?

- Receipts for all deliveries
- Quarterly inventory reconciliations for each tank
- Capacity of each tank
- Bulk withdrawal records for every bulk tank at each location

IFTA Bulk Fuel Record Requirements (continued)

IFTA bulk fuel withdrawals should document:

- Location of the bulk storage from which the withdrawal was made
- Date of the withdrawal
- Quantity of fuel withdrawn
- Type of fuel withdrawn
- Identification of the vehicle or equipment into which the fuel was placed

IN & IFTA Decal Record Requirements

A motor carrier must keep records of decals issued to it and must be able to account for all decals received.

Unused decals must be maintained for a period of **four years** for audit purposes.

Audits will include the verification of all decals issued and received. Any unaccounted decals will be forwarded to the Motor Fuel Section (MFS) Motor Fuel Investigators for further review.

IN & IFTA Decal Record Requirements

(continued)

A decal inventory should be maintained for audit purposes and include:

- Vehicle number (VIN, license plate, and/or unit #)
- Decal number assigned to the vehicle
- Period (year displayed on the decal)
- Any specific notes (vehicle wrecked, painted, washed off, etc.)

Decal Inventory

YEAR _____

Instructions:

1. Complete all columns with requested information for all vehicles.
2. List any special circumstances in the Notes column.
3. Retain this document for 4 years for audit purposes.
