

## Motor Fuel Bulk Plant Exporter Return Instructions

North Carolina Department of Revenue  
**General Instructions**

The bulk plant exporter return is required to be filed by distributors and importers who export gasoline (including gasohol, alcohol, ethanol, and methanol), diesel (including biodiesel), kerosene, jet fuel, or aviation gasoline from a bulk-plant located in North Carolina. **Leaded racing fuel is not subject to the motor fuels excise tax therefore it should not be reported on this return.**

The bulk plant exporter return and supporting schedules are due on or before the 22nd day of the month following the month in which the export occurred. **No return is required of a bulk plant exporter if product was not exported from this State during the month.**

**Amended Returns:** Prior period adjustments are not allowed on current returns. If you need to amend a previously filed Bulk Plant Exporter return, you must complete Gas 1239 Motor Fuel Bulk Plant Exporter Return. Attach only the schedules with the required corrections.

### Line-by-Line Instructions

#### Computation of Refund

##### **Line 1 - Tax-paid gallons of motor fuel exported from bulk plant**

The gallons required to be reported on this line should be carried forward from Gas-1239ES, Schedule 7F, Column 12 by product type.

##### **Line 2 - Motor fuel road tax refund due**

Multiply Line 1 by the applicable road tax rate. The applicable tax rate is the motor fuel excise tax rate for the month for which the refund is claimed. The rate is published on the Department's **website at [www.dornrc.com](http://www.dornrc.com)**.

##### **Line 3 - Motor fuel inspection tax refund due**

Multiply Line 1 by \$0.0025

##### **Line 4 - Tare allowance received**

If a licensed Distributor, add Lines 2 and 3; then multiply that total by 1%, (0.01). If not a licensed distributor or licensed importer, enter zero. Enter the results by product type.

##### **Line 5 - Total Refund Due**

Add Lines 2 and 3, then subtract Line 4. Enter the results by product type.

### Schedule Instructions

The supporting schedules are uniform documents designed in the same format as those approved by the Federation of Tax Administrators Uniformity Committee. **All required data must be presented in the same format and order as the schedules provided by this Department.** A separate schedule is required to be filed for each product type.

#### Gas-1239ES - Schedule of Exports

The following schedule type provides detail in support of the amounts shown as exports on the return. The requirement for reporting each export of motor fuel product is dependent on the export schedule type. Please review the export schedule types defined below for information on the level of transaction reporting detail required for motor fuel products.

**Identifying Information**

**Legal Name, Account Number, Product Type, and Month/Year of Return**

Complete the information at the top of each schedule showing the exporter's legal name as shown on the face of the return, FEIN or SSN, product type, and month/year of the return.

**Schedule 7F- Bulk Plant Exporter Schedule of Tax-Paid Exports** will provide detail in support of the amounts shown as tax-paid exports on the return. Distributors who export gasoline (including gasohol, alcohol, ethanol, and methanol), dyed and undyed diesel (including biodiesel), dyed and undyed kerosene, jet fuel, or aviation gasoline from a bulk plant are required to complete and include this schedule with their Motor Fuel Bulk Plant Exporter Return. **Do not include leaded racing fuel on this return.** Complete the requested information for every column on this schedule summarizing the information by the purchaser's name. **List all purchasers in alphabetical order.** Complete a separate schedule for each product type.

**The total from this schedule is carried to Line 1 of the Gas 1239 return.**
