**PART I: RATE CHANGES**

***Effective July 1, 2011***

**Decrease of State General Rate**

Effective July 1, 2011, the general State tax rate applicable to sales and purchases of tangible personal property, certain digital property, and certain services is 4.75%. Effective July 1, 2011, the general State and local tax rate is 6.75% in eighty-two counties, 7% in Alexander, Catawba, Cumberland, Duplin, Haywood, Hertford, Lee, Martin, New Hanover, Onslow, Pitt, Randolph, Robeson, Rowan, Sampson, Surry, and Wilkes Counties, and 7.25% in Mecklenburg County. This decrease in sales tax rate is the result of the expiration, on June 30, 2011, of the temporary 1% State increase enacted by the 2009 General Assembly. For purposes of determining the applicable rate of tax, a sale is considered to be consummated when the item is delivered to the purchaser. For additional details, refer to the Important Notice: Additional State Sales and Use Tax Rate Decrease Issues, dated June 30, 2011, on the Department's website.

The "combined general rate" of tax, which applies to telecommunications service, ancillary service, video programming and sales of spirituous liquor other than mixed beverages, decreased from 8% to 7% in all counties, effective July 1, 2011.

### **Form E-536, Schedule of County Sales and Use Tax**

A retailer engaged in business in this State is required to collect the county tax for all counties to which product is sourced. For an over-the-counter sale, the retailer's business location is where the sale is made, and county tax must be collected for the county in which the business is located. If the property is shipped to the purchaser at an address other than the retailer's business location, county tax must be collected for the county to which the property is shipped (destination county). A retailer must report county tax for all counties to which property is delivered or shipped.

A florist wire sale is sourced to the business location of the florist that takes an order for the sale. Periodic rental payments are sourced in accordance with G.S. 105-164.4B(b). Taxable digital property is sourced to the county when the purchaser takes possession of the property or makes first use of the property, whichever comes first. A retailer required to collect county tax for more than one county must complete Form E-536, Schedule of County Sales and Use Taxes, to properly report the county tax for each local jurisdiction. Form E-536 is available on the Department's website, [www.dornrc.com](http://www.dornrc.com), and through the online filing options.
