Introduction

North Carolina General Statute § 105-256(a)(2a) requires the Department of Revenue to produce an economic incentives report each year that contains information on certain tax credits and refunds, itemized by taxpayer, for the previous calendar year. This overview provides summary information for each of these credits and refunds. The reports itemized by taxpayer can be downloaded from the Department of Revenue's website, under the link "2013 Economic Incentives Report."

In order to provide timely information, the data for these reports come from tax returns received and processed by the Department of Revenue during calendar year 2012. These returns are for 2011 and earlier tax years. All returns remain subject to audit.

The descriptions of each tax credit in this report are intended to be both brief and informative. They are not an official interpretation of any law and do not represent the position of the Department of Revenue.

The estimates of credits taken do not include the effect of G.S. 105-130.5(a)(10). This provision effectively increases the income tax liability of corporations by the amount of credits taken against the income tax multiplied by the tax rate (6.9%).¹

Creating Jobs (Article 3A)

Statute: G.S. § 105-129.8

Description: For each additional full-time job created by an eligible taxpayer, a tax credit is awarded in dollar increments, based on the economic well-being (enterprise tier) of the county where the job was created. The amount of the tax credit for each tier is given in the following table:

Tier 1	Tier 2	Tier 3	Tier 4	Tier 5
\$12,500	\$4,000	\$3,000	\$1,000	\$500

An additional \$4,000 is awarded if the job is located in a development or agrarian growth zone.

Eligible Businesses: A business primarily engaged in one of the following activities: (a) air courier services, (b) data processing, (c) manufacturing, (d) warehousing, (e) wholesale trade, (f) computer services, (g) research and development; a central office or aircraft facility that creates at least 40 new jobs; an electronic mail order house that creates at least 250 new jobs and is located in tiers 1-3; a customer service center whose primary business is telecommunications or financial services and is located in tiers 1-3.

Enacting Legislation: S.L. 1996-13es2

Sunset for Generating Credits: January 1, 2007²

Machinery & Equipment Investment (Article 3A)

Statute: G.S. § 105-129.9

Description: For investments in machinery & equipment made by an eligible taxpayer, a tax credit is awarded, based on the economic well-being (enterprise tier) of the county where the machinery & equipment were installed. The credit is only applicable to investments in excess of a threshold amount. The threshold amounts and credit rates for each tier is given in the following table:

	Tier 1	Tier 2	Tier 3	Tier 4	Tier 5
Threshold	0	\$100,000	\$200,000	\$1,000,000	\$2,000,000
Credit Rate	7%	7%	6%	5%	4%

Machinery & equipment located in a development or agrarian growth zone receive the same benefits as Tier 1, regardless of the county tier.

Eligible Businesses: A business primarily engaged in one of the following activities: (a) air courier services, (b) data processing, (c) manufacturing, (d) warehousing, (e) wholesale trade, (f) computer services, (g) research and development; a central office or aircraft facility that creates at least 40 new jobs; an electronic mail order house that creates at least 250 new jobs and is located in tiers 1-3; a customer service center whose primary business is telecommunications or financial services and is located in tiers 1-3.

Creating Jobs (Article 3J)

Statute: G.S. § 105-129.87

Description: For each additional full-time job created by an eligible taxpayer, a tax credit is awarded in dollar increments, based on the economic well-being (enterprise tier) of the county where the job was created. The amount of the tax credit for each tier is given in the following table:

Tier 1	Tier 2	Tier 3
\$12,500	\$5,000	\$750

An additional \$1,000 is awarded if the job is located in a special economic development zone--urban progress zone, agrarian growth zone, or port enhancement zone. Also, if a job located in one of the economic development zones is filled by a resident of that zone or by a long-term unemployed worker, an additional \$2,000 credit is available. Taxpayers must also meet certain eligibility requirements and must satisfy a job creation threshold – the number of new jobs must be equal to or greater than the number in the following table:

Tier 1	Tier 2	Tier 3
5	10	15

Eligible Businesses: A business primarily engaged in one of the following activities: (a) air courier services hub, (b) aircraft maintenance and repair, (c) company headquarters, if certain additional conditions are met, (d) customer service call center, (e) electronic shopping and mail order house, (f) information technology and services, (g) manufacturing, (h) motorsports facility, (i) motorsports racing team, (j) research and development, (k) warehousing, (l) wholesale trade.
