Gross premium tax amounts include any applicable penalties.

**SL 2007-532, s. 4(c) provided that, beginning in fiscal year 2008-09, an amount equal to the growth in net revenue from the tax applied to gross premiums under § 105-228.5(d)(2) be transferred from the General Fund to the NC Health Insurance Risk Pool Fund established in § 58-50-225. The amount of the initial transfer, \$17,153,195, is the actual difference between the amount of General Fund attributed revenue collected during fiscal year 2007-08 and the comparable amount collected during fiscal year 2006-07. (Beginning with fiscal year 2010-11, the factor for determining the transfer amount is reduced to 30% of the growth in revenue as defined within § 105-228.5B.)

TABLE 50. -Continued

Rates, bases, and disposition of net proceeds by type of company and by type of insurance (refer to chart below):

The insurance tax (levied on insurers, Article 65 corporations, health maintenance organizations (HMOs), and self-insurers) is measured on the gross premiums from business done in North Carolina (all gross premiums received in this State, credited to policies written or procured in this State, or derived from business written in this State are considered to be for contracts covering persons, property, or risks resident or located in this State). Finance charges are included in gross premiums. Foreign insurers are subject to retaliatory provisions. Gross premiums attributable to contracts applicable to liabilities under the Workers' Compensation Act are subject to a 2.5% tax rate while gross premiums on all other taxable contracts are subject to a 1.9% tax rate. An additional rate of 0.74% applies to gross premiums on insurance contracts for property coverage (replaced Additional Statewide/Local Fire and Lightning Taxes effective for tax years beginning on or after January 1, 2008). Insurers, Article 65 corporations, HMOs, and self-insurers pay an Insurance Regulatory Charge (IRC) in addition to all other fees and taxes. For insurers and self-insurers, the IRC is a percentage of the gross premium tax liability, exclusive of any additional taxes and credits; for Article 65 corporations and HMOs, the IRC is a percentage of a presumed tax liability for the year calculated as if the corporation or organization were an insurer providing health insurance. (Same exclusions apply.)

The insurance premium tax requirements do not apply to farmers' mutual assessment fire insurance companies or to fraternal orders or societies that do not operate for a profit and do not issue policies on any person except members.
