Information compiled from source data provided by the NCDOR Local Government Division and NCDST Municipal Financial Information for fiscal year 2011-2012.

The table summarizes various tax levies applicable to local governments without regard to the governmental entity responsible for authorizing or administering the tax. County, district and township, and municipal property taxes are set by the respective local government jurisdictions; some levies are authorized by the General Assembly with optional election of adoption by local governments, while other levies represent the local governments' statutory shares of taxes levied and administered by the State. Amounts of State aid (reimbursements paid to local governments for lost revenue) are not included. Refer to *Table 64* for details.

The **2001 General Assembly** enacted Article 44 (Third One-Half Cent (1/2¢) Local Sales and Use Tax) authorizing counties to impose an additional 1/2% levy, setting July 1, 2003 as the earliest effective date of the levy. The **2002 General Assembly** advanced the earliest effective date to December 1, 2002; counties imposed the additional 1/2% levy as follows: seventy-eight (78) effective December 1, 2002; eleven (11) effective January 1, 2003; and finally, eleven (11) effective July 1, 2003. The **2007 General Assembly** enacted Article 46 (One-Quarter Cent (1/4¢) County Sales and Use Tax) authorizing counties to impose additional 1/4% local sales and use taxes. In accordance with legislative provisions, counties adopted resolutions to levy the additional 1/4% sales and use tax as follows: six (6) counties effective April 1, 2008; two (2) counties effective October 1, 2008; four (4) counties effective July 1, 2010; three (3) counties effective October 1, 2010; two (2) counties effective January 1, 2011; one (1) county effective October 1, 2011; one (1) county effective January 1, 2012; four (4) counties effective April 1, 2012; and two (2) counties effective April 1, 2013.

*License taxes, local land transfer taxes, occupancy taxes and meals taxes are collections reported by local governments for the preceding fiscal year. For example, the county levied license, local land transfer, occupancy, and meals taxes shown alongside the fiscal year 2012-13 designation reflect levies collected by the county governments during the July 1, 2011 through June 30, 2012 period.

a Local governments did not receive the following amounts of the beer and wine excise tax due to budgetary shortfall: counties, \$10,141,027; municipalities, \$16,637,645. Municipalities received \$96,915,830 of \$178,065,964 of utility franchise tax proceeds as two quarters of distributions were retained by the State due to budgetary shortfall. Municipalities received \$9,704,764 in distribution proceeds from the telecommunications tax that became effective January 1, 2002; the distribution amount was based on tax collections for less than a full year due to the date of implementation.

b Amount shown excludes the county and municipal portions of hold harmless distributions made pursuant to § 105-521 and § 105-523. Refer to *Table 64* for details of the county and municipal portions of hold harmless distributions.

c Legislation became effective authorizing counties with either no incorporated areas or one incorporated municipality consisting of less than 100 acres within the county with land area primarily located in another county to receive a share of the distributable proceeds of utility franchise, piped natural gas excise, and telecommunications taxes.

d Effective January 1, 2007, cable television franchise taxes paid by cable service providers to local governments were repealed; concurrently, legislation authorized a payment from the State to local governments as replacement for the taxing authority. § 105-164.44i authorizes a quarterly distribution to counties and municipalities of portions of the State sales taxes imposed on telecommunications and video programming services. Due to the January 1, 2007 effective date of the legislation, local governments received a single quarterly distribution during fiscal year 2006-07. The initial distribution in June 2007 was based on tax collections for the quarter ended March 31, 2007.
