Primary forest products tax rates and bases:

The tax applies to all primary forest products harvested from lands in the State. Christmas trees and associated greens, material harvested from and used on an individual's own land, and fuel wood harvested for use in individual homes are not considered primary forest products for the purposes of the Primary Forest Product Assessment Act and are, therefore, exempt from the tax.

The rates of the tax vary according to the type of wood and kind of product:

- \$.50 per 1,000 board feet Softwood sawtimber
- \$.40 per 1,000 board feet Hardwood sawtimber
- \$.20 per cord Softwood pulpwood
- \$.12 per cord Hardwood pulpwood

The primary forest products tax was enacted by the 1977 General Assembly to fund programs provided for in the Forest Development Act of 1977. Tax was first collected for the quarter ended September 30, 1978.
