Detail may not add to totals due to rounding.

An assessment is levied on primary forest products harvested from lands within North Carolina to provide a source of funds to finance certain forestry operations. Collections are restricted funds paid directly to the Forest Development Fund.

Tax due does not equal collections for fiscal year because tax is paid during the month following the close of the calendar quarter. Collections include penalties, interest, assessments, and other miscellaneous payments not included in the computed tax due amounts above.

Tax was first collected for the quarter ended September 30, 1978.
