Detail may not add to totals due to rounding.

The 1990 General Assembly rewrote § 105-163.1 to adopt the federal definition of wages subject to income tax withholding and to require employers who average withholding income tax of \$2,000 or more per month (accelerated filers) to file withholding tax reports and remit the tax in accordance with federal guidelines. (Effective January 1, 1991) In an attempt to simplify the payment of withheld taxes, the Internal Revenue Service adopted new regulations effective January 1, 1993, requiring accelerated filers to pay the withheld taxes semi-weekly instead of every three banking days. (Employers were not required to adopt the new system until January 1, 1994.)

Effective January 1, 2002, § 105-163.6(b) was amended to require an employer who withholds an average of less than \$250 of State income taxes from wages each month to file a return and pay the taxes on a quarterly basis; § 105-163.6(c) was amended to require an employer who withholds an average of at least \$250 but less than \$2,000 from wages each month to file a return and pay the taxes on a monthly basis. The amendments lowered the threshold for distinguishing quarterly filers from monthly filers from \$500 to \$250; approximately 70,000 taxpayers were converted from quarterly filers to monthly filers.

2004-05 Voluntary Compliance Program

Limited amnesty was granted as result of a court case to corporate and individual taxpayers who had engaged either in tax strategies causing income that would otherwise be taxable in North Carolina to be shifted out-of-state, or in other tax shelters eliminating or minimizing their tax burden. Individual income tax collections include \$51,229,050 attributable to this program.

2006-07 Collections include \$9,333,335 attributable to a Settlement Initiative launched during 2006 focused on corporate and individual taxpayers who had improperly utilized certain tax strategies which minimized the taxpayer's North Carolina tax burden.
